

DuraShield® Non-Stick Coating

DuraShield® provides the world's longest release life...delivering more releases, sometimes twice the releases, than all other competitors worldwide. We guarantee a minimum of 3500 releases on most products, but have documented over 5000 releases at some of the world's leading bun bakeries.

The Quality of DuraShield

- **Consistency:** Our state-of-the-art robotics system ensures absolute coating consistency.
- **Quality Control:** An on-site chemical engineer and quality control and process experts implement a 100% inspection procedure ensuring optimum consistency during the entire coating process.
- **Durability:** DuraShield delivers a finish that is significantly more durable than other non-stick coatings.

The Benefits of DuraShield

- **Superior Product Quality:** DuraShield provides excellent dough flow which produces a beautifully browned, perfectly baked product.
- **Increased Yield:** Products baked on DuraShield coated pans release effortlessly, which significantly reduces waste and damaged product.

The Value of DuraShield

- **Extended Release Life:** Some bakers are getting 5000 continuous releases without recoating.
- **Cost Effective:** In many high-volume operations, DuraShield coating can pay for itself in less than one year.
- **Improved Sanitation:** Release agents and oils typically used to enhance release are unnecessary.
