

Pan Service Plan

A Pan Service Plan allows baking operations to extend pan life, reduce scrap, and stay on budget. You will have the benefit of working with a dedicated Bundy sales representative to create a plan that will provide your operation with a continuous supply of high performing bakeware and coatings, resulting in optimal operational efficiency and product quality.

How To Partner With Us To Create A Pan Service Plan

- 1 Review Pan Inventory**
Assess account history (existing customers) or perform a comprehensive pan survey (new customers).
- 2 Determine Pan Cycles**
Analyze bakery or pan tracking data, including the number of cycles/bakes.
- 3 Estimate Release Life**
Review pan coating life and bakery experience.
- 4 Calculate Budget**
Develop an annual budget estimate.
- 5 Develop Schedule**
Schedule service dates and provide reminders.

Prices for refurbishment will vary based on pan condition, size, special features, quantity, and location.
